

Hernia Scientific Update

Zonal Conference endorsed by HSI & IAGES.

10 - 11 January 2014

Venue: The Park Hotel, Hyderabad

Hernia surgery is the most common surgery performed all over the world and with all the recent knowledge, scientific and technological advances, we can change our way and approach to a Hernia surgery. Keeping this in mind we proudly welcome you to an update on Hernia where we will exclusively discuss inguinal and ventral hernia over a concise duration of two days. There will be discussion about both open and laparoscopic operative techniques in the esteemed presence of the national faculty. We aspire to give our delegates a feast of knowledge and hope that you would give us a chance to play the perfect host. Looking forward for your presence at Hyderabad.
